

## NASA AAA Cycle 7 Application short answer questions

The following questions are asked on the application form. **We strongly suggest crafting responses in a separate document before opening the form and beginning the application.**

**Once you begin the form, work will be lost if not submitted.**

Please note each question has a character limit, which will be strictly adhered to:

- 1) Explain why you are a good choice for the AAA program. What will participation mean to you personally, to your students, and to your school? (1000-character limit)
- 2) How do you view yourself as prepared to teach in a 3-D (for example, NGSS-aligned) learning environment: Novice, Intermediate, or Expert? Explain your answer. (1000-character limit)
- 3) How would you rate your personal and/or professional interest in astronomy? Explain. (500-character limit)
- 4) Have you participated in NASA education programs for your students, or for your own PD? If so, please list. (Note: This is not a pre-requisite for AAA participation.) (500-character limit)
- 5) Describe an example of how you have worked with colleagues for curriculum development, planning, or implementation. (1000-character limit)

**And note, there is also:**

- an optional field to provide additional information about yourself (For example, PD history, leadership roles, awards, publications, etc.) (1000-character limit)
- an optional field to upload an image (2 MB limit) which you feel might be helpful to reviewers.
